

## Field Trip Information for Educators

*Eskerrik asko* for your interest in taking a field trip to the Basque Museum & Cultural Center. Our educational programs are based on our mission to preserve, promote, and perpetuate Basque history and culture. We will work with you to plan a curated experience that meets your students' needs. This packet is a guide to what we offer and how to plan for your visit.

### [Tours, Presentations, and Workshops](#)

#### ❖ *Self-Guided Tours*

Visit the Basque Museum with your class and explore at your own pace. Use your own curriculum and focus on the most relevant topics for your class. We recommend 1 hour to visit the museum. The ideal group size for a self-guided tour is 1 classroom and 2-3 chaperones. Perfect for small groups on their own schedule! In addition to the museum, we recommend exploring the Basque Block through our self-guided [Walking Tour](#), powered by Clio. Note: This tour does not include access to the Cyrus Jacobs Uberuaga Boarding House. However a [virtual tour](#) is available online.

#### ❖ *Guided Tours*

Explore Basque history, culture, and immigration, as well as Basques' impact on U.S. history in general and Idaho in particular. Museum staff or our trained historical interpreters will guide your class through the Museum, Cyrus Jacobs Uberuaga Boarding House, and *Fronton* (handball court). We recommend 1.5 hour for small groups (1 classroom) and 1.5-2 hours for larger groups ([email](#) for more information). Guided tours can be paired with a 30 minute workshop or presentation.

#### ❖ *Presentations*

We offer personalized presentations in our museum classroom. Topic proposals should be discussed and planned with the educational programs specialist at least 1 month in advance. Some topic examples include the Basque Diaspora, Basque Maritime History, the Basque Language, Gernika, and the Spanish Civil War. Presentation lengths vary from 30 minutes to an hour and can include a Q&A session and/or activity.

#### ❖ *Workshops*

Explore a distinctive Basque cultural topic in depth with hands-on activities. Workshops last 1 hour or 30 minutes when paired with a tour.

- Immigration: Journey to a New Life

What were the immigration experiences of Basques coming to the United States? Students will explore more detailed topics of immigration in this workshop, walking around the museum and boarding house to discover the stories and experiences of Basque immigrant men and women. Students will be given a diary page to write their own fictional stories using their creative writing skills, and pack their own "trunk" with items that they would bring with them on a migration journey. Perfect for Idaho State Curriculum Standards in Social Studies.

- Basque Music: The Sound of Music

What are the unique instruments, musical structures, and oral traditions of the Basques? Students are introduced to a wide range of Basque instruments to explore their history, sound, and story. Students will get a chance to give some a try, compose their own *bertso* (improvised poetry), and practice their

musical skills. This workshop will focus on the impact of Basque musical traditions throughout history and today, both in the Basque Country and in the United States.

- Sports: Play your Way

What sports, games, and competitions did Basques bring with them to the United States, and what impact do they have on the community? In this workshop, students will stretch their legs and brains exploring Basque sports and games through hands-on activities. Students can try their hand at games such as *pala* or competitions like carrying *txingak*, while discussing sports' impact on culture and Basque life with particular focus on the transmission of culture across generations.
